SCF requests \$18 million of the total \$40 million project cost to provide the initial funding for Phase 1 of the SCF Parrish Center. Phase 1 will consist of site development, parking and design to support a 40,000-square foot mixed use building housing workforce academic programs, collaborative space and administrative offices. The SCF Parrish Center will serve a rapidly growing student population in the area and initially provide general college education classes, dual enrollment and lifelong learning programming.

b. What activities and services will be provided to meet the intended purpose of these funds?

This funding will allow SCF to create a physical presence to provide in-person higher education in Manatee County's fastest growing area by building one 40,000-square foot building to provide higher education to county residents living north of the Manatee River and east of I-75.

c. What direct services will be provided to citizens by the appropriation project?

The SCF Parrish Center will serve a rapidly growing student population in the area and initially provide general college education classes, dual enrollment and lifelong learning programming.

d. Who is the target population served by this project? How many individuals are expected to be served?

Parrish is the fastest growing community in Manatee County and SCF has very strong support to open a center for its residents. The SCF Parrish Center will serve an already established student population in the area and initially provide general college education classes, dual enrollment and lifelong learning programming. The Parrish community has experienced tremendous growth over the past two decades and is expected to continue to expand. The community has opened multiple public schools and is building a strong student population seeking higher education.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The SCF Parrish Center will initially provide general college education classes, dual enrollment and lifelong learning programming. In collaboration with local community and business leaders SCF will create certificate and degree programs to meet economic and employer needs in Parrish. State student success metrics will be used to measure the successful outcomes of this project.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

\$1,000 per day in liquidated damages for failure to meet substantial completion.
